Index to Volume 22

Subject Index

- A -

Abciximab readministration, potential anaphylactic shock with, 380
Abstracts and index of authors, 403
ACCP 2002 annual meeting, abstracts and index of authors, 1323
ACCP 2002 spring practice and research forum/ updates in therapeutics
Acetaminophen or nonsteroidal antiinflammatory drugs, association between, and risk of developing ovarian, breast, or colon cancer, 303
Acetaminophen overdose, hemolysis as a potential complication of, in a patient with glucose-6-phosphate dehydrogenase deficiency, 656
Acinetobacter baumannii meningitis, nontraditional dosing of ampicillin-sulbactam for multidrug-resistant, 527
Acute coronary syndromes, superiority of enoxaparin over unfractionated heparin for the treatment of, 542
Acute coronary syndromes, the biology of thrombin in, 90S
Acute hepatitis, antimicrobial-associated, 794
Acute respiratory distress syndrome in critically ill adults, stress-dose corticosteroid therapy for sepsis and acute lung injury or, 1140
Adderall XR, (SLI381), a two-component, extended-release formulation of mixed amphetamine salts: bioavailability of three test formulations and comparison of fasted, fed, and sprinkled administration, 1405
Adverse events, itraconazole and fluconazole and certain rare, serious, 697
Aerosol drug delivery, pharmaceutical considerations in, 80S
Aerosolized antibiotics, the rationale for, 71S
Aerosolized ceftazidime for prevention of ventilator-associated pneumonia and drug effects on the proinflammatory response in critically ill trauma patients, 972
Age, effect of, and degree of immune activation on cytochrome P450 3A4 activity after influenza immunization, 1235
Allergic rhinitis, intranasal corticosteroids for, 1458
Alternative and complementary medicine in the largest United States–Mexico border city, evaluation of the use of, 256
Alzheimer's disease, implications of amyloid precursor protein and subsequent β-amyloid production to the pharmacotherapy of, 1547
Ambulatory blood pressure monitoring, noninvasive 24-hour, overview of technology and clinical applications, 597
Amikacin as an antibiotic-heparin lock, sudden irreversible sensory-neural hearing loss in a patient with diabetes receiving, 105
Aminoglycoside dosing nomograms, evaluation of four once-daily, 1077
Amiodarone, an economic analysis of, versus placebo for the prevention of atrial fibrillation after open heart surgery, 75
Amiodarone, conversion of recent-onset atrial fibrillation with intravenous: a meta-analysis of randomized controlled trials, 66
Amiodarone, syndrome of inappropriate antidiuretic hormone–induced hyponatremia associated with, 649
Amlodipine prevents angina, not atherosclerosis, 400
Amphetamine salts, SLI381 (Adderall XR), a two-component, extended-release formulation of mixed, bioavailability of three test formulations and comparison of fasted, fed, and sprinkled administration, 1405
Amphotericin B, rhinocerebral mucormycosis in the era of lipid-based, case report and literature review, 519
Amphotericin B–associated nephrotoxicity in bone marrow or peripheral blood stem cell transplant recipients, characterizing and predicting, 961
Ampicillin-sulbactam for multidrug-resistant Acinetobacter baumannii meningitis, nontraditional dosing of, 527
Amyloid precursor protein and subsequent β-amyloid production, implications of, to the pharmacotherapy of Alzheimer's disease, 1547
Anaphylactic shock, potential, with abciximab readministration, 380
Anaphylactoid reaction to enoxaparin in a patient with deep venous thrombosis, 1511
Anemia and thrombocytopenia, linezolid-induced, 109
Angioedema associated with candesartan, 1176
Angioedema, angiotensin II receptor blocker–associated, on the heels of ace inhibitor angioedema, 1173
Angiotensin II receptor blocker–associated angioedema: on the heels of ace inhibitor angioedema, 1173
Antibiotic resistance: where do ketolides fit?, 18S
Antibiotic users, risk of clinical blood dyscrasia in a cohort of, 630
Antibiotics, aerosolized, the rationale for, 71S
Antibiotics, effect of, on polymorphonuclear neutrophil apoptosis, 578
Anticoagulant therapies, point-of-care versus laboratory monitoring of patients receiving

different, 677
Antiepileptic drug therapy in elderly people, strategies for optimizing, 329
Antimicrobial drug exposure, differences in, in patients with various degrees of renal function based on recommendations from dosing references, 1097
Antimicrobial therapy, cost perspectives for outpatient intravenous, 63S
Antimicrobial-associated acute hepatitis, 794
Antiplatelet therapy, combination, implications for pharmacists, 1211
Antiretroviral therapy, human immunodeficiency viruses and drug therapy: resistance and implications for, 659
Apoptosis, effect of antibiotics on polymorphonuclear neutrophil, 578
Asian and Asian-American college students' awareness of osteoporosis, 1047
Aspirin and enoxaparin, hemorrhagic complications of, in patients with kidney transplants, 184
Asthma controller drugs, pharmacoeconomic studies of, marketing gimmick or icing on the cake?, 131
Asthma exacerbation after administration of nicotine nasal spray for smoking cessation, 779
Asthma management, combination therapy with inhaled long-acting β 2-agonists and inhaled corticosteroids: a paradigm shift in, 212
Asthma program, impact of an, on the quality of life of children in an urban setting, 1055
Asthma therapy with fluticasone propionate, montelukast, or zafirlukast in a managed care population, economic impact of, 166
Asthma, differences in inhaled fluticasone bioavailability between holding chambers in children with, 947
Asthma-related costs, fluticasone is associated with lower, than leukotriene modifiers in a real-world analysis, 1117
Atrial fibrillation after open heart surgery, an economic analysis of amiodarone versus placebo for the prevention of, 75
Atrial fibrillation, conversion of recent-onset, with intravenous amiodarone: a meta-analysis of randomized controlled trials, 66
Atypical antipsychotic agents, priapism associated with two, 1070
Atypical pathogens in community-acquired pneumonia, the emerging role of, 2S
Autistic disorder, secretin treatment for, a critical analysis, 905

- B -

Barriers to drug use in patients with chronic heart failure, development and validation of a survey to assess, 1163
Beta$_2$-agonists and inhaled corticosteroids, combination therapy with inhaled long-acting, a paradigm shift in asthma management, 212
Beta-blocker withdrawal, dobutamine pharmacodynamics during dobutamine stress echocardiography and the impact of, a report from the women's ischemic syndrome evaluation study, 939
Beta-lactamases, extended-spectrum: frequency, risk factors, and outcomes, 14
Bibliography, annotated, of key articles and guidelines relative to intensive care unit pharmacology, 1594
Bivalirudin administration during percutaneous coronary intervention: emphasis on high-risk patients, 112S
Bivalirudin, a practical cost analysis of, 119S
Bivalirudin, clinical pharmacology of, 105S
Bivalirudin, heparin, and reduction of complications during percutaneous coronary intervention, 89S
Bivalirudin: a direct thrombin inhibitor for percutaneous transluminal coronary angioplasty, 1007
Blood dyscrasia, risk of clinical, in a cohort of antibiotic users, 630
Blood pressure control, improving, in a pharmacist-managed hypertension clinic, 1533
Blood pressure monitoring, noninvasive 24-hour ambulatory, overview of technology and clinical applications, 597
BMS-284756, effect of a high-fat meal on the pharmacokinetics of the des-f(6)-quinolone, 160
Botulism, association between honey consumption and infant, 1479
Bradycardia associated with intravenous methadone administered for sedation in a patient with acute respiratory distress syndrome, 1196
Breast, ovarian, or colon cancer, association between acetaminophen or nonsteroidal antiinflammatory drugs and risk of developing, 303
Bronchitis, optimizing economic outcomes in acute exacerbations of chronic, 12S
Butalbital-containing product's role in the management of migraine, 1029

- C -

Caffeine-ergotamine, possibly associated delirium, 126
Cancer therapy, matrix metalloproteinase inhibitors: do they have a place in?, 705
Cancer, effect of telephone follow-up on the physical well-being dimension of quality of life in patients with, 1301
Cancer, ovarian, breast, or colon, association between acetaminophen or nonsteroidal antiinflammatory drugs and risk of developing, 303
Cancer-related anemia, overview of, focus on the potential role of darbepoetin alfa, 150S
Candesartan, angioedema associated with, 1176
Cardiovascular disease, optimizing drug therapy in patients with, the impact of pharmacist-managed pharmacotherapy clinics in a primary care setting, 738
Cardiovascular risk, modification of high-density lipoprotein cholesterol in the management of, 1266
Cataplexy, sodium oxybate (GHB) for treatment of, 798
Cefditoren, a new aminothiazolyl cephalosporin, 1278

Ceftazidime, aerosolized, for prevention of ventilator-associated pneumonia and drug effects on the proinflammatory response in critically ill trauma patients, 972
Celecoxib therapy, toxic epidermal necrolysis after, 1193
Celecoxib-induced erythema multiforme with glyburide cross-reactivity, 637
Central nervous system adverse effects with efavirenz: case report and review, 930
Cephalosporin, cefditoren, a new aminothiazolyl, 1278
Cerivastatin, rhabdomyolysis associated with, six cases within 3 months at one hospital, 771
Cerivastatin-induced rhabdomyolysis, 11 case reports, 533
Certified diabetes educators, national survey of pharmacist, 1579
Chelation therapy, inhibition of warfarin anticoagulation associated with, 1067
Cholesterol guidelines, new, new treatment challenges, 853
Cholesterol, modification of high-density lipoprotein, in the management of cardiovascular risk, 1266
Chronic heart failure and hypertension, a review of vasopeptidase inhibitors in the treatment of, 27
Chronic kidney disease, darbepoetin alfa, a new therapy for the management of anemia of, 141S
Chronic obstructive pulmonary disease, formoterol therapy for, a review of the literature, 1129
Cisatracurium versus pancuronium therapy, tachyphylaxis associated with continuous, 823
Cisplatin and etoposide, recurrent peripheral arterial thrombosis induced by, 1200
Citalopram-induced priapism, 538
Clarithromycin, serum bactericidal activity of extended-release, against macrolide-resistant strains of Streptococcus pneumoniae, 593
Clinical effectiveness of a physician-pharmacist collaborative drug therapy management diabetes clinic, a retrospective cohort analysis of the, 1294
Clinical pharmacist staffing in United States Hospitals, 1489
Clinical pharmacy services, hospital pharmacy staffing, and medication errors in united states hospitals, 134
Clomipramine and interferon beta-1a, seizures and extrapyramidal symptoms in a patient with Tourette's syndrome, Asperger's syndrome, and multiple sclerosis treated with, 1504
Colon, ovarian, or breast cancer, ass .tion between acetaminophen or nonsteroidal antiinflammatory drugs and risk of developing, 303
Community-acquired pneumonia, the emerging role of atypical pathogens in, 2S
Comparison of gemfibrozil and fenofibrate in patients with dyslipidemic coronary heart disease, 1527
Complementary and alternative medicine in the largest United States–Mexico border city, evaluation of the use of, 256
Contraception, hormonal emergency, 43
Coronary heart disease, comparison of gemfibrozil and fenofibrate in patients with dyslipidemic, 1527
Corticosteroid therapy, stress-dose, for sepsis and acute lung injury or acute respiratory distress syndrome in critically ill adults, 1140
Corticosteroids, inhaled, and beta$_2$-agonists, combination therapy with inhaled long-acting, a paradigm shift in asthma management, 212
Corticosteroids, intranasal, for allergic rhinitis, 1458
Cost/death averted with venous thromboembolism prophylaxis in patients undergoing total knee replacement or knee arthroplasty, 990
Cost-effectiveness of a smoking-cessation program in a community pharmacy practice, modeling the, 1623
Critical care pharmacist: an essential intensive care practitioner, 1484
Cyclooxygenase-2 inhibitor–associated acute renal failure: case report with rofecoxib and review of the literature, 1317
Cyclosporine-rifampin, intravenous, interaction in a pediatric bone marrow transplant recipient, 387
CYP2d6 inhibition by selective serotonin reuptake inhibitors: analysis of achievable steady-state plasma concentrations and the effect of ultrarapid metabolism at CYP2D6, 1001
Cystic fibrosis, therapy with macrolides in patients with, 227
Cystic fibrosis, treatment options for, case study and panel discussion, 86S
Cytochrome P450 2D6, abnormal movements and tardive dyskinesia in smokers and nonsmokers with schizophrenia genotyped for, 1416
Cytomegalovirus retinitis in human immunodeficiency virus–seropositive individuals, valganciclovir: a new oral alternative for, 1124

- D -

Dalfopristin-quinupristin, for the treatment of antimicrobial-resistant Gram-positive infections, clinical experience of, 748
Dapsone, lack of effect of nizatidine-induced elevation of gastric pH on the oral bioavailability of, in healthy volunteers, 1420
Darbepoetin alfa, a new therapy for the management of anemia of chronic kidney disease, 141S
Darbepoetin alfa, an overview of the pharmacokinetic disposition of, 133S
Darbepoetin alfa, dose conversion from recombinant human erythropoietin to, recommendations from clinical studies, 160S
Darbepoetin alfa, overview of cancer-related anemia: focus on the potential role of, 150S
Darbepoetin-alpha: a review of the literature, 889
Delirium, possibly associated with ergotamine-caffeine, 126
Diabetes clinic, a retrospective cohort analysis of the clinical effectiveness of a physician-pharmacist collaborative drug therapy management, 1294

Diabetes educators, certified, national survey of pharmacist, 1579
Diabetes mellitus, olanzapine-associated, 841
Diabetes mellitus, type 2, national pharmacy cardiovascular council treatment guidelines for the management of, 436
Diabetes, compliance with national guidelines in patients with, in a family practice clinic, 1541
Diabetes, risk of acute liver injury in patients with, 1091
Direct thrombin inhibitor, bivalirudin, for percutaneous transluminal coronary angioplasty, 1007
Direct thrombin inhibitors, clinical monitoring of, using the ecarin clotting time, 433
Dispensing error, patient detection of a drug, by use of physician-provided drug samples, 1642
Diuresis, effect of, on P-wave duration and dispersion, 564
DNA, collection of genomic, by the noninvasive mouthwash method for use in pharmacogenetic studies, 954
Dobutamine pharmacodynamics during dobutamine stress echocardiography and the impact of β-blocker withdrawal: a report from the women's ischemic syndrome evaluation study, 939
Dofetilide risk-management program, practitioner acceptance of the, 1041
Drotrecogin alfa (activated) on resource use and implications for reimbursement, impact of, 216S
Drotrecogin alfa (activated) use: guidelines and therapeutic controversies, strategies to optimize, 223S
Drotrecogin alfa (activated), current issues regarding the use of, 206S
Drotrecogin alfa (activated), pharmacokinetics and clinical use of, in patients with severe sepsis, 196S
Drotrecogin alfa (activated), pharmacology, clinical efficacy, and safety of, 182S
Drug use assessment, individualized, in the elderly, 1239
Drug-related visits to the emergency department: how big is the problem?, 915
Dyslipidemic coronary heart disease, comparison of gemfibrozil and fenofibrate in patients with, 1527

SIADH secretion, fentanyl-associated, 1188
SIADH–induced hyponatremia associated with amiodarone, 649
Sickle cell pain, treatment of, 484
Simvastatin, daily dosing versus alternate-day dosing of, in patients with hypercholesterolemia, 1110
Sjögren's syndrome, pharmacotherapy of xerostomia in primary, 621
Smoking cessation, asthma exacerbation after administration of nicotine nasal spray for, 779
Smoking-cessation program in a community pharmacy practice, modeling the cost-effectiveness of a, 1623
Smoking-cessation program, effectiveness of a pharmacist-based, and its impact on quality of life, 759
Sodium oxybate (GHB) for treatment of cataplexy, 798
SSRI–induced rash: case report and review of the literature, 516
St. John's wort, the association of, with elevated thyroid-stimulating hormone, 673
Staffing, clinical pharmacist, in United States Hospitals, 1489
Streptococcus pneumoniae pneumonia, levofloxacin treatment failure in a patient with fluoroquinolone-resistant, 395
Streptococcus pneumoniae, serum bactericidal activity of extended-release clarithromycin against macrolide-resistant strains of, 593
Sulbactam-ampicillin for multidrug-resistant Acinetobacter baumannii meningitis, nontraditional dosing of, 527
Syndrome of inappropriate antidiuretic hormone secretion, fentanyl-associated, 1188
Syndrome of inappropriate antidiuretic hormone–induced hyponatremia associated with amiodarone, 649

- T -

Tacrolimus overdose, severe prolonged, with minimal consequences, 1063
Tardive dyskinesia and abnormal movements, in smokers and nonsmokers with schizophrenia genotyped for cytochrome P450 2D6, 1416
Tazobactam-piperacillin continuous-infusion program in a large community teaching hospital, clinical efficacy and pharmacoeconomics of, 471
Tazobactam-piperacillin, pharmacokinetic and pharmacodynamic evaluation of two dosing regimens for, 569
Telephone follow-up, effect of, on the physical well-being dimension of quality of life in patients with

cancer, 1301
Thalidomide for the treatment of relapsed and refractory multiple myeloma, 1019
The effect of an antimicrobial formulary change on hospital resistance patterns, 81
Thiazolidinedione-induced edema, 924
Thrombin inhibition during percutaneous coronary intervention, the role of, 97S
Thrombin, the biology of, in acute coronary syndromes, 90S
Thrombocytopenia and anemia, linezolid-induced, 109
Thrombocytopenia in critically ill patients, risk markers for, a prospective analysis, 803
Thromboembolism prophylaxis in patients undergoing total knee replacement or knee arthroplasty, cost/death averted with venous, 990
Thromboembolism, prevention of venous, in acute medical illness, 1564
Thrombolytic therapy, use of, to treat heparin-refractory pulmonary embolism in a menstruating patient, 118
Thrombosis, recurrent peripheral arterial, induced by cisplatin and etoposide, 1200
Thrombotic complications after intravenous immunoglobulin therapy in two patients, 1638
Thyroid-stimulating hormone, the association of St. John's wort with elevated, 673
Tibolone 2.5 mg in early postmenopausal women, effect of renal impairment on the pharmacokinetics of a single oral dose of, 148
Tibolone 2.5 mg in healthy postmenopausal women, effect of a standardized meal on the bioavailability of a single oral dose of, 310
Tibolone, dose proportionality of three different doses of, 6
Tigecycline (GAR-936), antimicrobial activity of, against Enterococcus faecium Staphylococcus aureus used alone and in combination, 1517
Tobramycin as a pharmacologic tracer to compare airway deposition from nebulizers, 557
Topiramate and weight loss in patients with neurodevelopmental disabilities, 831
Torsades de pointes associated with fluoroquinolones, 663
Torsades de pointes, probable case of, induced by fluconazole, 1632
Toxic epidermal necrolysis after celecoxib therapy, 1193
Toxic epidermal necrolysis in an elderly patient, levofloxacin-induced, 789
Tracer, tobramycin as a pharmacologic, to compare airway deposition from nebulizers, 557
Transplant population, limited tolerability of levofloxacin and pyrazinamide for multidrug-resistant tuberculosis prophylaxis in a solid organ, 701
Trimethoprim-sulfamethoxazole activity and pharmacodynamics against glycopeptide-intermediate Staphylococcus aureus, 983
TSH, the association of St. John's wort with elevated, 673
Tuberculosis prophylaxis in a solid organ transplant population, limited tolerability of levofloxacin and pyrazinamide for multidrug-resistant, 701
Tuberculosis, population pharmacokinetic modeling of pyrazinamide in children and adults with, 686
Two needle sizes, comparison of, for subcutaneous administration of enoxaparin: effects on size of hematomas and pain on injection, 1105

- U, V -

Unfractionated heparin, superiority of enoxaparin over, for the treatment of acute coronary syndromes, 542
Vaginal bleeding, venlafaxine-associated, 652
Valganciclovir: a new oral alternative for cytomegalovirus retinitis in human immunodeficiency virus–seropositive individuals, 1124
Validity of cancer-related fatigue instruments, 1433
Vancomycin versus linezolid for treatment of known or suspected methicillin-resistant staphylococcus species infections, approaches to analysis of length of hospital stay related to antibiotic therapy in a randomized clinical trial, 45S
Vancomycin-induced neutropenia in a patient positive for an antineutrophil antibody, 783
Vasopeptidase inhibitors, a review of, in the treatment of hypertension and chronic heart failure, 27
Venlafaxine-associated vaginal bleeding, 652
Venous thromboembolism, prevention of, in acute medical illness, 1564
Venovenous hemodiafiltration and continuous venovenous hemofiltration, pharmacokinetics of levofloxacin during continuous in critically ill patients, 175
Vitamins, effects of orlistat on fat-soluble, in obese adolescents, 814

- W, X, Z -

Warfarin anticoagulation, inhibition of, associated with chelation therapy, 1067
Warfarin dosing decisions, differences in, based on international normalized ratio measurements with two point-of-care testing devices and a reference laboratory measurement, 1397
Warfarin, major bleeding caused by, in a genetically susceptible patient, 97
Warfarin, possible effect of refrigeration of, on the international normalized ratio, 102
Warfarin-associated bleeding complication saved life, 265
Weight loss in patients with neurodevelopmental disabilities, topiramate and, 831
Xerostomia in primary Sjögren's syndrome, pharmacotherapy of, 621
Zafirlukast, fluticasone propionate, or montelukast, in a managed care population, economic impact of asthma therapy with, 166
